EDUCATION

B.Sc. Naval Architecture & Marine Engineering

MIST, Dhaka
May 2022 – June 2026
CGPA: 3.72/4.00 (Dean's List)
Thesis: Numerical & Parametric Investigation of Fore Geometry Impact in Crossing Collision. (ANSYS/LS-Dyna)

PERSONAL DETAILS

Nationality: Bangladeshi
Gender: Male
Marital Status: Single
Languages: English (Fluent), Bengali (Native)

SKILLS

Core Competencies

FEA, CFD, Parametric Automation, Ship Design, Hydrostatics, FSI.

Software

ANSYS (Mech/Fluent/LS-Dyna), Rhino 3D, Grasshopper, Maxsurf, AutoCAD, SolidWorks.

Programming

Python, MATLAB, C.

Standards

DNV, Lloyd's, ABS Rules.

CERTIFICATIONS

- Maxsurf & Rhino Course
- Ballast Water Management
- ANSYS: Wind Blade, Fluids
- ML & Data Science

PROFESSIONAL EXPERIENCE

Internship Trainee | Khulna Shipyard Limited

May 2025

Khulna, Bangladesh

- Studied naval construction safety and heavy steel fabrication workflows.
- Gained practical knowledge in machinery alignment and QA checklists.
- Observed structural welding and assembly of Dredgers, LCTs, and Patrol Crafts.

KEY ENGINEERING PROJECTS

Design of 156,000 m^3 LNG Carrier

Mar 2024 – Mar 2025

MIST Ship Design Project

- Developed hull dimensions, General Arrangement, and offset tables.
- Executed stability calculations, resistance estimation, and 3D modeling.

Parametric Automation Tools for Ship Design

2024 – 2025

Grasshopper & Rhino 3D

- Automated the generation of 3D hull transformations, offset tables, and framing systems directly from parametric data.
- Designed fully customizable parametric wind turbine blades and rudders.

3D Vessel & Shipyard Layout Modeling

2024

AutoCAD, Rhino 3D, SolidWorks

- Constructed a high-fidelity 3D surface model of a harbor tugboat.
- Designed an eco-efficient passenger ferry optimizing structural stability.
- Created a detailed 3D CAD layout of a shipyard with dry docks and cranes.

Mechatronics & Heat Exchanger Projects

2023 – 2024

ANSYS Fluent, Hardware

- Conducted CFD simulations to evaluate heat transfer in a heat exchanger.
- Built an Arduino automatic firefighting robot and a quadruped spider robot.

PUBLICATIONS & LEADERSHIP

- Paper:** "Advancements in Automation & Parametric Modeling in Ship Design," *Opast*, Dec 2024.
- Role:** Director of Graphic Design, NAME Fest 2026 (MIST).
